For: METHOD FOR THE POLYMERIZATION
OF CYCLIC ETHERS

Examiner: Matochik, T.

INFORMATION DISCLOSURE STATEMENT (IDS)

MS Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Pursuant to 37 CFR 1.56, 1.97 and 1.98, the attention of the Patent and Trademark Office is hereby directed to the references listed on the attached PTO/SB/08. It is respectfully requested that the information be expressly considered during the prosecution of this application, and that the references be made of record therein and appear among the "References Cited" on any patent to issue therefrom.

This Information Disclosure Statement is filed more than three months after the U.S. filing date, OR more than three months after the date of entry of the national stage of a PCT application, AND after the mailing date of the first Office Action on the merits, whichever occurs first, but before the mailing date of a Final Office Action or Notice of Allowance (37 CFR 1.97(c)).

In accordance with 37 CFR 1.98(a)(2)(ii), Applicant has not submitted copies of U.S. patents and U.S. patent applications. Applicant submits herewith copies of foreign patents and non-patent literature in accordance with 37 CFR 1.98(a)(2).

The items listed in the International Search Report for International Application No. PCT/EP2003/014790 cited herewith include U.S. Patent Documents AM and AN and Foreign Patent Document BO.

The relevance of Foreign Patent Document BA can be found on page 3, line 1 of the specification and in U.S. Patent Document AA, which is a counterpart thereof. The relevance of Foreign Patent Document BB can be found on page 3, line 4 of the specification and in its attached English-language abstract. The relevance of Foreign Patent Document BC can be found page 3, line 14 of the specification and in U.S. Patent Document AC, which is a counterpart thereof. The relevance of Foreign Patent Document BE can be found on page 3, line 25 of the specification, in the English-language abstract on the front page of the document, and in U.S. Patent Document AE, which is a counterpart thereof. The relevance of Foreign Patent Document BF can be found in the English-language abstract on the front page of the document and on page 3, line 25 of the specification. The relevance of Foreign Patent Document BG can be found on page 3, line 26 of the specification, in the English-language abstract on the front page of the document, and in U.S. Patent Document AF, which is a counterpart thereof. The relevance of Foreign Patent Document BH can be found on page 3, line 26 of the specification and in its attached English-language Derwent abstract. The relevance of Foreign Patent Document BI can be found on page 3, line 27 of the specification and in U.S. Patent Document AG, which is a counterpart thereof. The relevance of Foreign Patent Document BJ can be found on page 3, line 33 of the specification and in its attached English-language Derwent abstract. The relevance of Foreign Patent Document BK can be found on page 3, line 35 of the specification and in its attached English-language Derwent abstract. The relevance of Foreign Patent Document BL can be found on page 4, line 5 of the specification and in its attached English-language abstract. The relevance of Foreign Patent Document BM can be found on page 4, line 15 of the specification and in U.S. Patent Document AJ, which is a counterpart thereof. The relevance of Foreign Patent Document BN can be found on page 4, line 8 of the specification and in its attached English-language abstract. The relevance of Foreign Patent Document BO can be found in the English-language abstract on the front page of the document, in U.S. Patent Document AL, which is a

counterpart thereof and in the International Search Report for International Application No. PCT/EP2003/014790.

In accordance with 37 CFR 1.97(g), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 CFR 1.56(a) exists. In accordance with 37 CFR 1.97(h), the filing of this Information Disclosure Statement shall not be construed to be an admission that any patent, publication or other information referred to therein is "prior art" for this invention unless specifically designated as such.

It is submitted that the Information Disclosure Statement is in compliance with 37 CFR 1.98 and the Examiner is respectfully requested to consider the listed references.

Please charge our Deposit Account No. 22-0185 in the amount of \$180.00 covering the fee set forth in 37 CFR 1.17(p). The Director is hereby authorized to charge any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our Deposit Account No. 03-2775, under Order No. 13156-00013-US. A duplicate copy of this paper is enclosed.

Dated: May 6, 2008

Respectfully submitted,
